

Proactive Patrol Alert To Reduce Underage Drinking

The Whitemarsh Police Department in collaboration with the PW/GA Student Coalition want our residents and students to be aware that the Police Department will be conducting patrols for underage drinking and related violations. Over the next nine months, officers will be conducting patrols focused on after school functions and sporting events at both PWHS and GA for alcohol related violations committed by anyone under the age of 21. This program/enforcement effort is being funded by a grant from the Pennsylvania Liquor Control Board. Question regarding these details should contact Sgt. Jeff Nowak at the Whitemarsh Police Department at 610-825-6530.
