

<b>PROGRAM NAME</b>	<b>Backyard Water Gardening</b>
<b>PROGRAM DATES / SESSIONS</b>	<b>APRIL 14</b>
<b>TIMES</b>	<b>7:30-9:00</b>
<b>AGES</b>	<b>ALL AGES</b>
<b>DAYS</b>	
<b>DESCRIPTION</b>	Come and learn how easy it is to build and maintain a pond in your backyard. Ponds invite an array of wildlife such as birds, chipmunks, squirrels, toads, frogs, butterflies, and dragonflies. Learn about the two basic types of pond construction, pond placement, water quality maintenance, fish, algae and mosquito control and choices of aquatic plants. The backyard pond can be an integral part of your flower garden or part of your backyard relaxation area.
<b>NO CLASSES ON</b>	
<b>LOCATION</b>	<b>TOWNSHIP BUILDING 616 GERMANTOWN PIKE.</b>
<b>FEE - RESIDENT / NON</b>	<b>FREE</b>
<b>MINIMUM / MAXIMUM</b>	<b>10-20</b>
