WHITEMARSH TOWNSHIP ZONING HEARING BOARD
PUBLIC HEARINGS FOR WEDNESDAY, JUNE 10, 2020 6:30 PM
ZOOM MEETING PARTICIPATION INFORMATION

The Whitemarsh Township Zoning Hearing Board will conduct public hearings on Wednesday, June 10, 2020 at 6:30 PM for the cases as listed on the agenda for this date.

In response to the Governor’s Stay Home Order due to the COVID-19 health pandemic, these hearings will be conducted via ZOOM. All members of the Board, staff and public will participate remotely. The public may join these hearings by either telephone using the dial in number or entering the URL on an internet browser. Below you will find instructions on how to access and participate in the hearing:

- **Hearing Date:** Wednesday, June 10, 2020
- **Hearing Time:** 6:30 PM
- **Hearing URL:** https://us02web.zoom.us/j/87419718730?pwd=ZUF4Szd6T3NNVVFbV14VDdKcnRIQT09
- **Hearing via Zoom App:** if you have the Zoom App on your smartphone, tablet, or computer, open the program, click join a meeting, and enter the Meeting ID: 874 1971 8730
- **Hearing dial in number (no video):** 1 646 558 8656
- **Hearing ID number (to be entered when prompted):** 874 1971 8730
- **Hearing Password:** 851998

THE PUBLIC MAY ALSO SUBMIT QUESTIONS OR COMMENTS PRIOR TO THE HEARINGS BY U.S. MAIL ADDRESSED TO CHARLES GUTTENPLAN, ZONING OFFICER, WHITEMARSH TOWNSHIP, 616 GERMANTOWN PIKE, LAFAYETTE HILL, PA 19444 RECEIVED NO LATER THAN JUNE 8, 2020 OR BY E-MAIL TO CGUTTENPLAN@WHITEMARSHTWP.ORG NO LATER THAN 12 NOON ON JUNE 9, 2020.

PERSONS WHO WISH TO BECOME PARTIES TO ANY OF THE APPLICATIONS MUST DO SO DURING THE HEARING ON THE RECORD THROUGH THE ZOOM LINK AS INSTRUCTED, FOLLOWED BY WRITTEN ENTRY OF APPEARANCE FORM. PERSONS MAY ALSO REQUEST PARTY STATUS IN WRITING IN ADVANCE OF THE HEARINGS, BY E-MAIL TO CGUTTENPLAN@WHITEMARSHTWP.ORG RECEIVED NO LATER THAN 12 NOON ON JUNE 9, 2020 AND THEN BEING AVAILABLE THROUGH THE ZOOM CONFERENCE LINK ON THE DATE AND TIME OF THE HEARING. A SAMPLE FORMAT FOR THE WRITTEN REQUEST FOR ENTRY OF APPEARANCE WILL BE POSTED ON THE TOWNSHIP WEBSITE.

Persons with a disability who wish to participate in the public hearing and require an auxiliary aid, service or other accommodation to participate in the hearing should contact Whitemarsh Township at 484-594-2625.

1. CALL TO ORDER

2. ANNOUNCEMENTS & CORRESPONDENCE

- **ZHB#2019-32:** Verity Associates, LP, 6020 Cricket Road, Flourtown, PA; Parcel #65-00-02794-00-3; Block 053; Unit 046; AA-Residential District. *This application had been continued from the February 12, 2020 meeting; the applicant is now requesting that it be continued to Monday, June 22, 2020 at 7:00 PM.*

  - Applicants are requested not to remove signs after the hearing at this time; Township staff will remove them once the hearing is completed.

3. ZONING HEARING BOARD APPLICATIONS

- **ZHB#2020-15:** Edward and Elizabeth Hales, 6020 Sheaff Lane, Fort Washington, PA; Parcel #65-00-10522-00-6; Block 048; Unit 032; AAAA-Residential District. The Applicants are proposing to erect an 8-foot greenwire fence to protect their pool/enclose the pool area and to prevent deer from entering the yard. In order to do so the following is being requested: **Variance from Section 116-33.B.** to permit a fence in the side and/or rear yard to exceed the 6-foot maximum height restricted by this section; and a **Variance from Section 116-33.H.** to permit any fence to exceed six feet in height as restricted by this section.

- **ZHB#2020-16:** Frank and Bridget Watton, 331 Hillcrest Avenue, Conshohocken, PA; Parcel #65-00-05668-00-9; Block 016; Unit 065; B-Residential District. The Applicants are proposing to construct a 14’ x 24’ (336 square foot) shed to the rear of their property. In order to do so the following is being requested: **Variance from Section 116-24.B.(18)** to permit a residential storage building in excess of the maximum 200 square feet allowed by this section; **Variance from Section 116-57.G.** to allow a building coverage of 21.8% wherein a maximum of 20% is allowed; existing building coverage is 20.5%; **Variance from Section 116-57.H.** to allow an impervious ground coverage of 45.2% wherein a maximum of 30% is allowed; existing impervious ground coverage is 43.9%; and a **Variance from Section 116-194.A.** to allow an increase in both existing nonconforming building coverage and impervious ground coverage; this section allows permitted improvements as long as existing nonconformities are not increased.

4. ADJOURNMENT
ZHB APPEAL #2020-15
SUMMARY

APPLICANTS: Edward and Elizabeth Hales

PROPERTY LOCATION: Parcel #65-00-10522-00-6
Block 048, Unit 032
6020 Sheaff Lane
Fort Washington, PA 19034

ZONING DISTRICT: AAAA-Residential District

SUMMARY OF RELIEF REQUEST:

The Applicants are proposing to erect an 8-foot greenwire fence to protect their pool/enclose the pool area and to prevent deer from entering the yard. In order to do so the following is being requested:

1. Variance from Section 116-33.B. to permit a fence in the side and/or rear yard to exceed the 6-foot maximum height restricted by this section.

2. Variance from Section 116-33.H. to permit any fence to exceed six feet in height as restricted by this section.

MEMORANDUM

TO: Charles L. Guttenplan, AICP - Director of Planning and Zoning

FROM: Jim Hersh, PE, Township Engineer

DATE: June 8, 2020

RE: 331 Hillcrest Avenue
     ZHB#2020-16

PROJECT NUMBER: 2020-01116

In reference to the above-mentioned property, we have reviewed the application prepared by Frank and Bridget Watton and offer the following comments for your consideration.

The applicants are requesting zoning relief to construct a 14’ x 24’ shed in the rear yard of a residential lot, in place of an existing 10’ x 20’ shed. The resultant increase in impervious surface coverage would be approximately 136 square-feet. The maximum impervious coverage for a lot in the B-Residential District is 30% of the total lot area.

The proposed addition would result in an increase of approximately 136 square-feet in impervious surface coverage which will increase the impervious coverage from 43.9% to 45.2%, which is greater than the allowable amount of 30%.

There are no engineering objections to or environmental impacts associated with the proposed increase in impervious surface.

Should you have any questions or need further information regarding this matter, please do not hesitate to contact me at this office.

APPLICATION 00-25
Frank R. Watton

First Hearing 7/10/00  Decided 7/10/00  Copy Mailed 7/11/00

At a public hearing of the above application, the Zoning Hearing Board decides and orders as follows:

1. The Variance required from Section 116-202.B of the Whitemarsh Township Code to allow an addition on the residence located at 331 Hillcrest Avenue which would encroach into the required front yard by -7- feet is hereby granted.

THIS DECISION IS SUBJECT TO THE FOLLOWING CONDITIONS:

1. All use and development allowed by any granted application shall conform to the exhibits and testimony presented at the hearing unless inconsistent with these conditions in which case these conditions shall take precedence.

2. The addition which is a porch shall never be enclosed.

[Signatures]

This Decision and Order of the Board is final and any appeal of it must be filed with the Court of Common Pleas of Montgomery County within 30 days following the copy mailing date set out above.

Section 116-223 of the Whitemarsh Township Code provides that all applications granted by the Board shall automatically expire 365 days after the expiration of the last day to appeal to the Court of Common Pleas of Montgomery County or to an Appellate Court, if, during that time, the applicant has not acted upon the granted application by obtaining the granted permit and paying the required fee for same. Any request for an extension must be submitted in writing to the Board at least thirty (30) days prior to the expiration date.
ZHB APPEAL #2019-32
SUMMARY (AMENDMENT 2)

APPLICANT: Verity Associates, LP
PROPERTY LOCATION: Parcel #65-00-02794-00-3
Block 053, Unit 046
6020 Cricket Road
Flourtown, PA 19031

ZONING DISTRICT: AA – Residential District

SUMMARY OF RELIEF REQUEST:

The property is approximately 2.9 acres in size and in improved with an existing residential dwelling detached garage, and a tennis court. The applicant is proposing to subdivide the property into Parcel A, which would contain the existing tennis court, and Parcel B, which would contain the existing dwelling and garage. The applicant then proposes to demolish the tennis court and construct a single family detached dwelling in the approximate location of the tennis court. The following relief is requested:

1. **Variance from Section 116-23.B.** which requires a minimum 1.5 acre lot size when either there is public water or public sewer, but not both. No public sewer is available. The proposed lot size of Parcel A is 1.01113 acres.

2. **Variance from Section 116-24.E.(3)(a)** which requires that an accessory structure (other than specifically listed ones) not be in the front yard and not extend in front of the front principal building plane; on proposed Parcel B, the existing detached garage is partially within the front yard setback and in front of the front principal building plane defined by the existing house. Garages are not one of the listed allowed accessory structures in this position on a lot.

3. **Variance from Section 116-169.A.** to permit impervious coverage of 15% on proposed Parcel A and 21% on proposed Parcel B where no more than 12% impervious coverage is permitted on lots in the AA District with a steep slope ratio of 15% to 50%.

4. **Variance from Section 116-169.B.(1)** to permit more than 30% of the areas with steep slopes between 15% and 25% to be regraded on Parcel A. The steep slopes are man-made that were constructed when the tennis court was installed.

5. **Challenge to the substantive validity of Section 116-23.B** which requires a 1.5 acre minimum lot size where there is no public sewer.

Signature of Applicant/Appellant: _____________________________
WHITEMARSH TOWNSHIP ZONING HEARING BOARD
APPLICATION ADDENDUM (Supplemental)

**Applicant/Owner:** Verity Associates LP

**Property:** 6020 Cricket Road (TP# 65-00-02794-00-3)

**Zoning:** AA Residential District

**BACKGROUND**

This is the second addendum to the application submitted in August 2019 by the Applicant, Verity Associates LP. The property is approximately 2.9 acres in size, improved with an existing residential dwelling, accessory buildings, and a tennis court. Applicant proposes to subdivide the property into Lot B, which would contain the existing residential dwelling, and Lot A, which would contain the existing tennis court. Applicant proposes to demolish the tennis court and construct a single-family detached dwelling in the approximate location of the tennis court.

**REQUESTED RELIEF**

Applicant requests the following relief from the requirements of the Whitemarsh Township Zoning Ordinance:

- a variance from section 116-23.B to permit a minimum lot area of 1 acre where a minimum lot area of 1.5 acres is required.

- a variance from section 116-24.E(3)(a) to permit an accessory structure that is farther forward than the front principal building plane.

*This is an existing condition which will remain unchanged.*
a variance from section 116-169.A to permit impervious coverage of 21% on proposed Lot A and 15% on proposed Lot B where no more than 12% impervious coverage is permitted on lots in the AA District with a steep slope ratio of 15%-50%.

*Existing impervious coverage for the entire property is today 19%. The proposal will result in a slight reduction of impervious coverage when compared to existing conditions.*

a variance from section 116-169.B to permit more than 30% of the areas with steep slopes to be re-graded on Lot A.

*The steep slopes are man-made and were constructed when the tennis court was installed.*

Applicant challenges the substantive validity of section 116-23.B of the Zoning Ordinance. The discrepancy in required minimum lot sizes between properties served by public sewer and properties not served by public sewer is arbitrary, capricious, unreasonable, discriminatory, and confiscatory. This discrepancy has no rational relation to any legitimate health, safety, or welfare concern, nor does it further a lawfully defensible zoning purpose. One-acre properties can accommodate on-lot septic and water systems without posing any health, safety, or welfare concern to the landowner, adjacent properties, or the public. The application and enforcement of this regulation unfairly and illegally impact Applicant's property, demonstrated by the residential development of neighboring properties with private sewer systems on lots less than 1.5 acres, including 1-acre lots such as that proposed.
The proposed subdivision will result in a density of only 2 single-family dwellings on 2.9 acres.

CURRICULUM VITAE

VINCENT W. FIORAVANTI, P.E., P.L.S., SEO

PRESIDENT

Fioravanti Inc.
Civil Engineers and Land Surveyors
618 Street Road, Southampton PA 18966
215-322-2143

RELEVANT EXPERIENCE SUMMARY:

◆ Twenty three years of progressive experience in all aspects of Civil / Municipal Engineering. President and founder of Fioravanti, Inc. Consulting Engineers and Land Surveyors, located at 618 Street Road, Southampton Pa., established in 1990. Annual billings in excess of 1 million dollars. Personal responsibility for design, permitting and development of well over one thousand land development projects of all types including residential, industrial and commercial projects.

◆ Expert Testimony

Experienced with expert testimony relating to all aspects of land development including Zoning hearings, Curative amendment proceedings, Land development meetings before Planning Commissions and Township Supervisors / Councilmen, Zoning Hearings, Conditional use proceedings, Arbitration hearings, Construction lawsuits, and Boundary line court proceedings. Accepted as an expert witness by countless Municipalities and Courts over the last 23 years.
Land Development Engineering

Land development / Site Engineering is the majority of our work. Project work involves all aspects of engineering relating to the use and development of real estate including the analysis and mitigation of existing and proposed factors such as storm water management, use compatibility and buffering, environmental assessments and impact mitigation for wetlands, steep slopes, erosion and sedimentation control, noise, traffic, emergency access and safety, water distribution, fire protection, sanitary sewerage, wastewater generation, conveyance and treatment, septic systems, soils, storm water infiltration and best management practices, etc.

Municipal / Sanitary Engineering

Served as Municipal Engineer with involvement in the preparation of Municipal Act 537 planning studies for various townships including Easttown, Concord, Birmingham, Upper Providence, West Brandywine, and Warwick; Municipal Engineering for East Goshen, Concord, Plymouth and Radnor Townships.

Responsibilities include overall project management and/or detailed engineering design and specification of sewer systems; sewage pumping stations; Sewage treatment plants; individual and community on lot sewage disposal systems; water distribution and storage systems; water supply stations, booster pump stations and well systems.

Experienced in Municipal Authority Public Works Project Management

Experience in all phases of engineering support for municipal authorities including the following types of tasks:

1. Handling of all aspects of public works projects from initial surveying and design of improvements (if required), preparation of contract documents and project specifications (including all forms of standard AIA documents), prevailing wage determinations, taking projects out for public bid, pre bid conferences with prospective bidders, review of bids, Qualifying apparent low bidder, awarding contract, managing contract during construction, inspection of work, review of quantities and requests for escrow release, and managing project closeout, as built and record information and maintenance / performance bonds.
2. Experienced in retrofit and upgrade design work, as well as operational consulting, upgrading and retrofit projects at numerous sewage treatment facilities; feasibility and economic analysis projects; project management through construction serving as “Owners representative”.

Construction Experience,

Experienced in municipal projects from all perspectives, having worked as an employee of a utility contractor on projects involving Municipal Water and Wastewater Construction Projects (10-30 million dollar range) including estimating, computerized CPM scheduling, project planning, economic analysis, systems design, and claim preparation. Fioravanti Incorporated offers construction phase surveying work for all of our projects and for many projects designed by others. We have performed construction layout work on government projects including multi million dollar Padot highway projects in Bucks and Montgomery Counties.

Instrumentation and control of wastewater plants, and pumping stations

Direct responsibility for the design, permitting, construction management, inspection, testing and acceptance of treatment plants and pumping stations - too numerous to mention. Also experienced in the design and implementation of state of the art distributed process control systems for Petroleum, Chemical and Waste Processing Industries.

EDUCATION: Bachelor of Science in Engineering from Drexel University in 1983, Deans List, PHI ETA SIGMA Honor Society, TAU BETA PHI National Engineering Honor Society. Received training in computer modeling of chemical processes in Harvey Illinois in 1985. Received training in digital computer control of chemical processes in Phoenix Arizona 1986. Graduate work in finance at Drexel (no degree).

Received training in the Pretreatment of Industrial Wastewater from the
University of Toledo, 1988.

Attended Municipal Wastewater Treatment Plant and Pump Station Design course conducted by Edwin Barth, P.E., Chief of Biological Treatment Division, EPA.

Experience and training in all phases of Civil/Sanitary Engineering including Water, Wastewater, Hydraulics, Stormwater Management, and Land Development.
